Type of Report: ALLEGED CAUSING DAMAGE TO A DOOR AT THE  
RIA/MOVCON TERMINAL BY THE AUDITOR GENERAL  
OF LIBERIA AND HIS SECURITY OFFICER.

---

**FACTS:**

On 22-12-2007, at about 1645hrs, the UNPOL/RIA police officers were informed that the main door of the building which is currently being used by MOVCON had been damaged.

The UNMIL MOVCON building (KLM) is also being used by the Kenya Airways Officials as their arrival and departure terminal.

According to information received by UNPOL RIA/Harbel, Mr. John Morlu, the Auditor General of Liberia intended to travel today by Kenya Airways but arrived late when all departure formalities have been completed by the Kenya Airways staff at 1630 hrs.

On orders from their superiors, George William and one Mervin RIA security officers on duty refused them entry. This angered the two men and in the process the Personal Aide banged the door which is made of glass and it got broken. Immediately after this, the Auditor General and his Personal Aide drove off in Motor vehicle #0033 Black Jeep. The security officers could not arrest them.

The UNPOL/ RIA Team advised the Airport Authorities to inform the LNP RIA Detachment for immediate investigation to be carried out.
